

**9th Annual
Fathers Day**
Antique Automobile Show

**Sunday, June 21, 2009
From Noon to 4:00pm**

Join us at the same big new show field we obtained last year at the intersection of 51st Street and North Lamar. This is conveniently located next to the Winters state office building, provides substantial space for the show and spectator parking, and it is visible to the major thoroughfare. More than 200 automobiles were displayed at our last Father's Day - Antique Automobile Show, and there were a lot of spectators dropping in to see the cars.

Please join us to display your antique automobile (original or modified), and bring along friends who would like to show off their antique automobiles and view the other automobiles on display. Advertisements will run in the Austin American Statesman to inform the public prior to this event. If you don't own an antique vehicle, please visit the show and see the vehicles on display.
